

Rubber Bumper Pat. Pend.

100% Rubber Bumper

Applications: Commercial Trucks, Trailers, Docks

- Rust & corrosion proof
- Resists oil, gas & acid
- Non-skid step top reduces slip accidents

- Rubber design acts like Teflon protecting from ice & snow
- Private labeling program is available

A-Bumper reduces vehicle repair cost from low speed impacts by 90% or approximately \$3,700. Damaged pads can easily be replaced with no down time.
